

Waiting for the Sun

It's a perfect dawn for me
It's a perfect dawn for you
Sun is coming out for me and you
 For me and you
It's a magic harmony
It's a cherished symphony
Hope is bringing love for me and you
 For me and you
I'm waiting for the sun
 here it comes
 to save me
I'm waiting for the one
 here he comes
 to set us free

Praying at the break of dawn
Surrendering my soul to God
watching destiny unfold

I'm waiting for the sun,
I'm waiting for the sun,
I'm waiting for the sun,
I'm waiting for the sun,
